The KO 76 is a lightweight handtool, suitable for strapping with a plastic strap of 13 mm width. The tool is quick and easy to operate. The KO 76 has a combined operating handle with which the device can tension, lock (with seal) and cut.

The KO 76 is ideal for handling small numbers of straps per day and can be used for light applications. Ideally, the KO 76 is used in combination with a plastic strap dispenser for optimum ease of use and efficiency.

Advantages

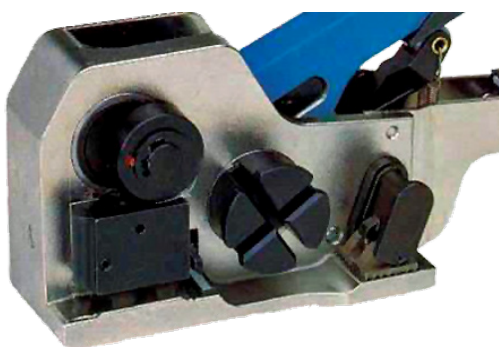

- For PP and PET strap 13 mm
- Fast and easy to operate
- Combined operating lever
- For small number of straps per day
- For light applications
- For use in environments with fire hazards

Options

- Plastic strap dispenser
- Plastic strap seals
